10 Actions to Understand and Educate Students Application of a Framework for Understanding Poverty

Agenda

Introduction

My Personal Experience with Class

Understanding Class Differences

Action 1: Build relationships of mutual respect

Action 2: Teach students the hidden rules of school

Action 3: Analyze the resources of your students and make interventions based on resources the student has access to

Action 4: Teach formal register, the language of school and work

Lunch

Action 5: Teach abstract processes

Action 6: Teach mental models

Action 7: Teach students how to plan

Action 8: Use the adult voice and reframing to change behaviors

Action 9: Understand the family resources and dynamics

Action 10: Teach how to ask questions

Checklist activity: which actions do you already do and which of these will you add?

Closure and Evaluation
